

All Natural specialised product containing high levels of Vitamins, Minerals, Trace Elements and Dried Herbs to help all round condition and performance.

- Contains Plantago Seed, Linseed, and Diamond V Yeast on a Nutrimin® base
- Provides a high intake of nutrients and slows down the digestion of feed allowing maximum nutrient utilisation
- Helps produce a high health status which in turn produces better muscling and grading properties alongside more efficient performance
- Contains Diamond V Yeast - well documented digestive and fermentation properties
- Helps produce more profitable livestock. * Ideal for Show / Sale Animals
- Suitable for all classes of Cattle and Sheep, Horses, Dogs and Pigeons
- Dried Herb Extract helps produce calmer, more easily handled animals
- Linseed helps produce good shine on coats and clean ended animals.
