Lamb Insta Life

All Natural Supplement that provides Instant Energy to the new born lamb to help maintain against disease factors

- *Boosts the lamb's intake of colostrum derived immunoproteins, energy-generating substrates and micro-nutrients to help maintain resistance from disease factors*
- *Contains Vetoxan - important in the establishment of an internal alimentary environment in which E.Coli bacteria cannot grow and develop*
- *Vetoxan also helps remove the Meconium (black plug) allowing lambs to thrive from an early age*

Instructions

Feed 2ml to all lambs as soon as possible after birth

Repeat if necessary

In cases of severe distress seek Veterinary Advice

Availability

250ml refill (no pump) - £16.00
250ml top unloading pump - £18.50

250ml - 125 x 2ml lamb feeds

Analysis (per litre)

Glycerine	50%	Vitamin B3	93mg
