

Osmonds Lifesaver Calf Capsules contain health maintaining nutrients for calves, in particular those at risk from bacterial infections.

- *Contains Vetoxan which helps inhibit the growth of pathogenic bacteria and stimulates the growth of beneficial alimentary tract bacteria encouraging bacterial growth through the provision of essential micro-metabolites.*
- *Contain Vitamins, Minerals, Trace Elements & Amino Acids which helps optimise the metabolism and correct micro-nutrient deficiencies.*

Feeding Instructions

Feed 2 capsules to “at risk” calves within 4-5 hours of birth before the calf sucks the Dam

Bought in Calves - feed 2 capsules on arrival then one capsule daily as required
